Weight Capacity: 325 lbs

5 3D Massage Modes

Advanc3D massage technology targets your back muscles like never before. Patented roller tracks are able to push out 3 inches forward, providing instant relief.

8 Full Body Auto Modes

Easy to use automatic massage modes allow you to enjoy a massage instantly at the press of a button. With the timer you can make the massage last as long as 30 minutes.

S-track System

You'll feel great, intelligent rollers conform to the curves of your body to achieve persistent contact for complete relaxation.

Body Scan

Advanced body scanning technology fits the chair to you, mapping your body to provide a customized experience.

Chromo-Therapy

Your body needs the sun's light to live, and that light can be broken into a color spectrum. Chromo-therapy science uses these specific colors to lift your mood and calm your mind.

Foot and Calf Massage

Pamper your calves and feet like never before. Relieve painful, swollen legs and feet with gentle or aggressive massage. Improves circulation and relaxes your muscles to ease your aches away.

Rhythmic Seat Massage

Therapeutic vibrations to improve muscle performance and calm your nervous system. Placed at the base of the seat so you can feel fine vibrations through your core.

Zero Gravity Positioning

Recline back and you'll experience reduced pressure from head to toe, in this relaxed position your body is more receptive to massage. This is the best position to improve circulation and reduce swelling in your legs.
