## Body Scan

Advanced body scanning technology fits the chair to you, mapping your body to provide a customized experience.

## S-track System

You'll feel great, intelligent rollers conform to the curves of your body to achieve persistent contact for complete relaxation.

## 3 Full Body Auto Modes

Easy to use automatic massage modes allow you to enjoy a massage instantly at the press of a button. Relax, Relief and Therapy.

## 6 Manual Massage

Target your back muscles and relax with Kneading, Swedish, Tapping, Shiatsu, Clapping and Rolling. Choose your speed, width and height adjustment.

## Manual Air Massage

Relax with soft air cushions or more vigorous squeezing. Customize your air massage with 5 intensity levels, and choose to massage your calf's and feet, arms, shoulders or your whole body.

## 2 Zero Gravity Positions

Recline back and you'll experience reduced pressure from head to toe, in these relaxed positions your body is more receptive to massage. These positions can improve circulation and reduce swelling in your legs.

## Rhythmic Seat Massage

Therapeutic vibrations to improve muscle performance and calm your nervous system. Placed at the base of the seat so you can feel fine vibrations through your core.

## Foot and Calf Massage

Pamper your calves and feet like never before. Relieve painful, swollen legs and feet with gentle or aggressive massage. Improves circulation and relaxes your muscles to ease your aches away.
